

Quality Today Insures Tomorrow

Liquid Bag Filters Applications Guide

Hydraulic Company of America

Industries:

Paper:

Clay Slurry
Pigmented Coatings
Fresh Water
White Water
Decker Shower Water
Size
Starch
TiO² Slurry
Mill Water
Wet End Additives
Cooling Water
Dyes
Pump Seal Water

Food:

Peanut Butter
Corn Syrup
Lard
Dextrose
Chocolates
Jelly
Juices
Milk Sugar
Edible Oils
Soybean Concentrate
City and Well Water
Tea Liquor
Extracts

Petroleum:

Amine
Reduced Crude Oil
Feedstocks
Pump Seal Water
Naphtha
Fuel Oil
Motor Oil
Hydraulic Oil
Synthetic Lubricants
Completion Fluids
Injection Fluids
Cooling Tower Water

Chemical:

Acetic Acid
Brine
Calcium Carbonate
Cooling Tower Water
Ethylene Glycol
Herbicides
Hydrochloric Acid
Latices
Pellitizer Water
Polymers
Resins
Sulfuric Acid

Miscellaneous:

Adhesives
Solvents
Resins
Liquors
Paints
Shampoo
Dyes
Cooling Water
Beer
Beverages
Pharmaceutical
Toothpaste

Specific Applications:

Filter Recirculating Water
Keep Spray Nozzles Open
Protect Catalyst Beds
Protect Instruments
Remove DE Filter Carryover
Remove Precipitated Solids
Remove Dispersed Solids
Remove Particles from Coatings

Clean Electrolytic Solutions
Remove Oversize Particles from Slurries
Filter Condensate
Filter Bottle and Can Washer Water
Filter Poultry and Meat Wash Water
Remove Char Particles
Filter Cooling Tower Water
Filter Waste Oil for Reuse

Protect Chiller and Air Conditioners
Protect Reverse Osmosis Systems
Filter Boiler Feed Water
Filter Pump Seal Water
Protect Glue Applicators
Filter Scrubber Water
Remove Plastic Fines from Water
Remove Pulp from Juices
