

Liquid Filter Bags

Liquid filter bags are manufactured from the highest quality materials. The versatile use of materials and design allow the bags to be used in a wide array of industrial and commercial process applications.

The bags feature heavy duty construction, manufactured in a wide variety of fibers to withstand the parameter for the most difficult requirements. A wide selection of micron ratings ensures efficient particle removal.

Clark Reliance Filtration Group bags are available for all common liquid bag housings.

Features/Benefits

- Rugged construction
- Heavy duty handles
- Wide array of media fibers
 - Felt
 - Nomex, Polyester, Polypropylene
 - Monofilament
 - Nylon, Polyester, Polypropylene
 - Multifilament
 - Nylon, Polyester
 - Polypropylene
 - Oil Removal
- Micron Ratings
 - Available from 1 to 1500 microns

Options/Applications

Options

- Bag finish and covers
- Top ring styles
- Plastic top OEM replacements
- Multi-layer filtering capabilities

Applications:

- Cooling water
- Edible oils
- Liquid fuels
- Synthetic fuels
- Glycols
- Polymers
